

BRANDESTON PARISH COUNCIL

Clerk : A M Hounsell

Parish Plan (Action Plan) – Facilities for Teenagers and for Young Children

The Parish Plan, reflecting the wishes of the majority of residents, suggests that there is a need for a village youth club, which would be instigated and organised by parents. The Plan suggested that :-

1. in the case of teenagers, parents should consider organising transport to and from Framlingham and
2. for young children, parents should examine what is needed, its cost and support.

The Parish Council are anxious to support any initiatives established by parents in both these areas and would like to hear of such. The Council are ready to help – and, in particular may be able to assist financially; either from the Council precept or with any grant applications for external funding.

The Council will next meet in mid-December 2009 and would be pleased to receive any suggestions as to how they may be able to assist. Your Councillors are listed below.
